Greetings From The President

The expression of thanks to the Staff of the INDIANHEAD for their indefatigable labors on the 1956 yearbook is not a mere routine chore. Rather it is a feeble effort to say some of the thoughts that may assure them of our deep appreciation of their work.

A work of art such as this book is not just so many pictures, so many names, etc., placed here for record. Here is found a synthesis of all those ideas that have gone into the work of this year. Out of the experiences of life at its growing edge have come forth the weaving of this fabric. Congratulations are in order, so to all the members of the staff and their sponsor we say, "The whole college is indebted to you."

Foreword

"---A thousand unseen hands
Reach down to help you to their peace-
crowned height;
And all the forces of the firmament
Shall fortify your strength."

Ella Wheeler Wilcox

In our search for a theme for the 1956 INDIANHEAD, we became fascinated by the parade of the many hands which have played and are playing a great part in our college life - and in our lives to be---

The toiling hands of our forefathers,
The helping hands of state officials,
The moulding hands of teachers,
The loving hands of parents,
The guiding hands of friends,
The planning hands of trustees,
The recording hands of writers,
The friendly hands of fellow students,
The building hands of architects,
The well-wishing hands of relatives,
The encouraging hands of alumni,
The trusting hands of the younger generation,
The praying hands of loved ones,
The unseen hands of countless benefactors,---

All joining forces to give us the best that life has to offer at Pembroke State College.

With this in mind we chose as our theme, HANDS.

May these pages of history of the accomplishments of many hands keep alive in our memories the true spirit of P.S.C.

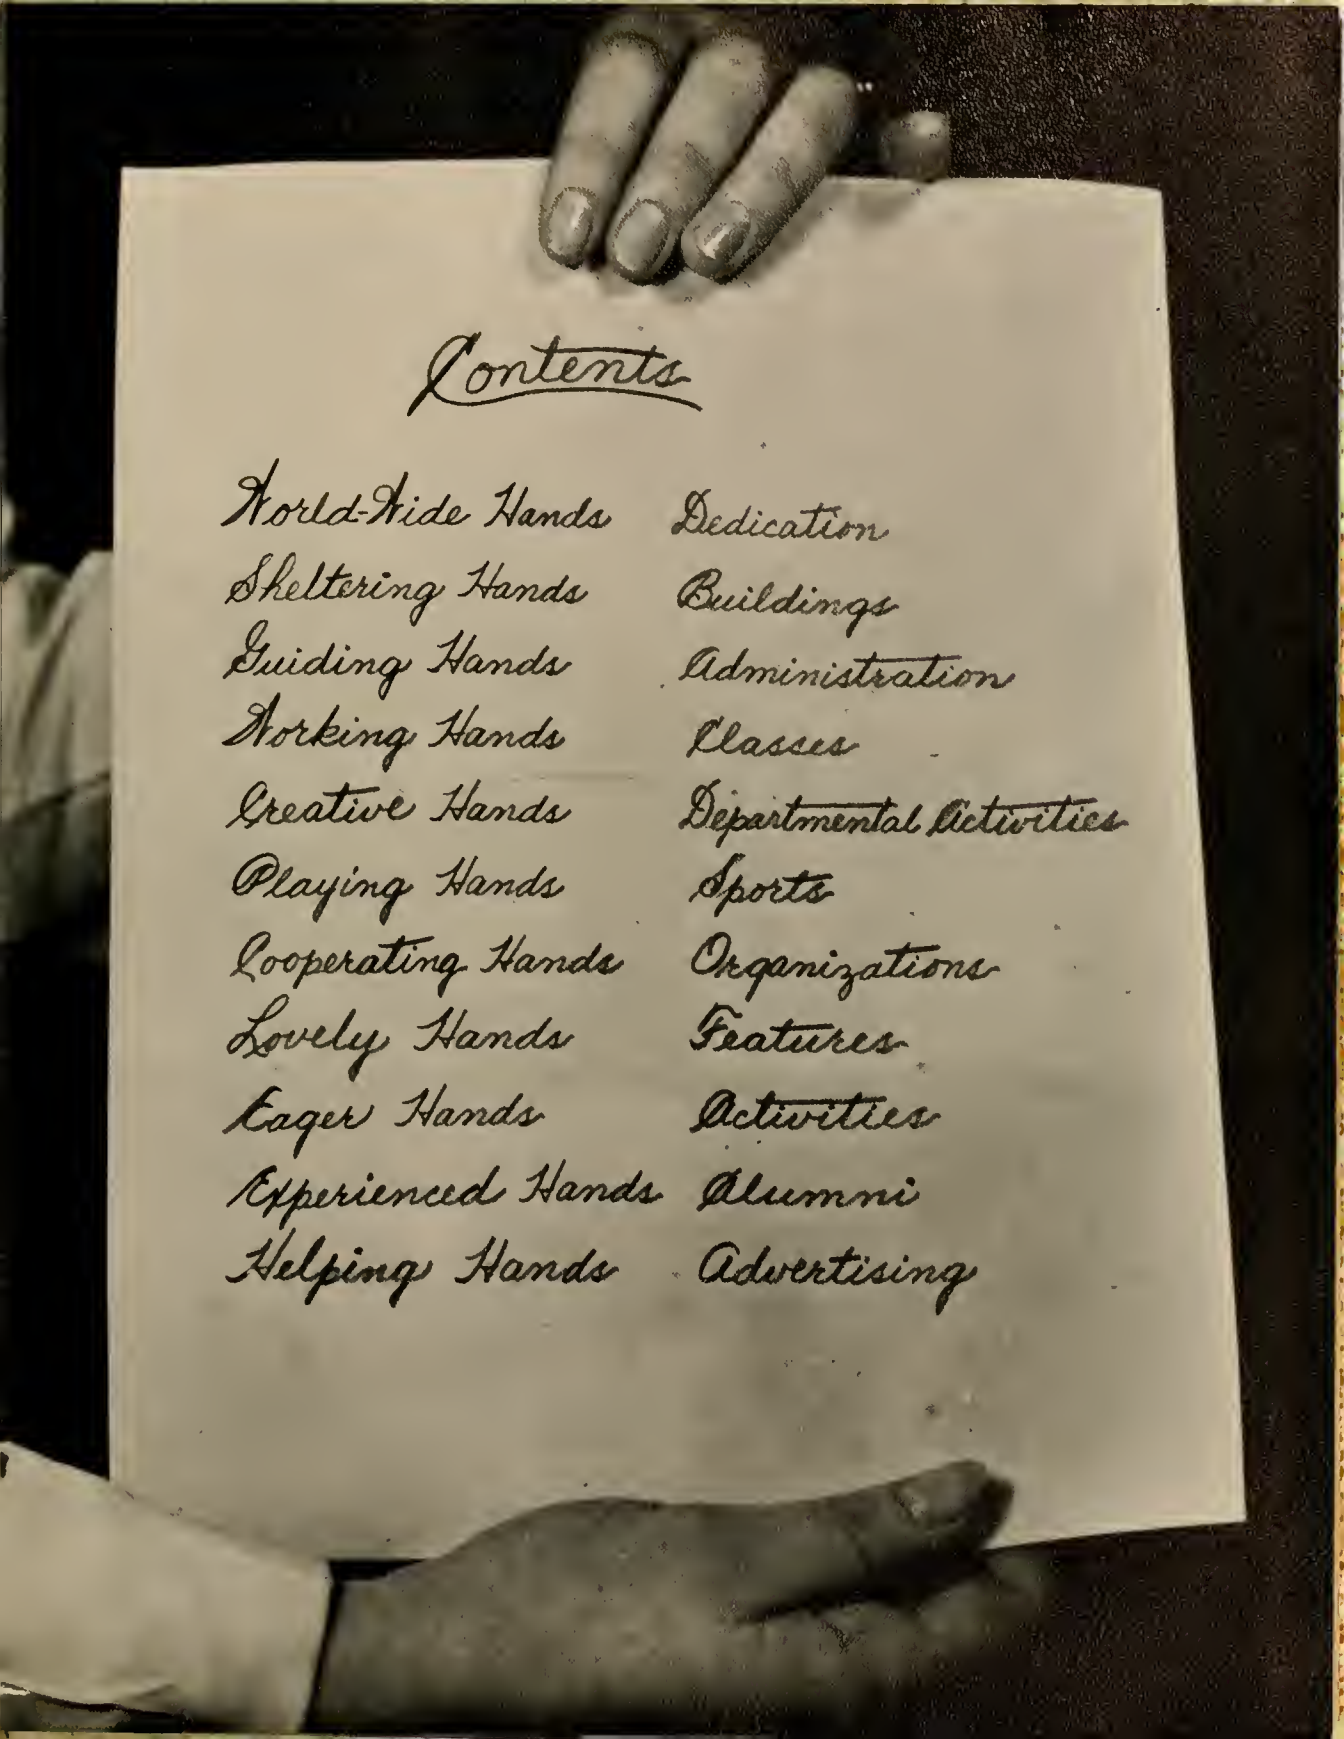

Hands

"I am the Child
You hold in your hand my destiny,
You determine, largely, whether I shall succeed or fail.
Give me, I pray you, those things that make for happiness.
Train me, I beg you, that I may be a blessing to the world."
Mamie Gene Cole

World - Wide Hands

Dedication

"Join hands, then, brothers of the faith,
Whate'er your race may be;
Who serves my father as a son
Is surely kin to me.

In Christ now meet both east and west,
In Him meet south and north;
All Christly souls are one in Him
Throughout the whole wide earth."

President R. D. Wellons

We, the members of the senior class, dedicate this, The 1956 Indianhead, to Dr. and Mrs. R. D. Wellons whose world-wide hands have served the college most faithfully during these 14 years.

These hands have---

Guided our steps
Warmed our hearts,
Soothed our ills,
Cradled our weaknesses,
Given us food for body, mind, and spirit,
Smoothed the rough spots,
Lifted us up,
Kindly reproved us,
Comforted us in our sorrows,

"Enough if
something
From our hands
have power
To live, and act,
And serve the
future hour."

Mrs. Willafred Wellons

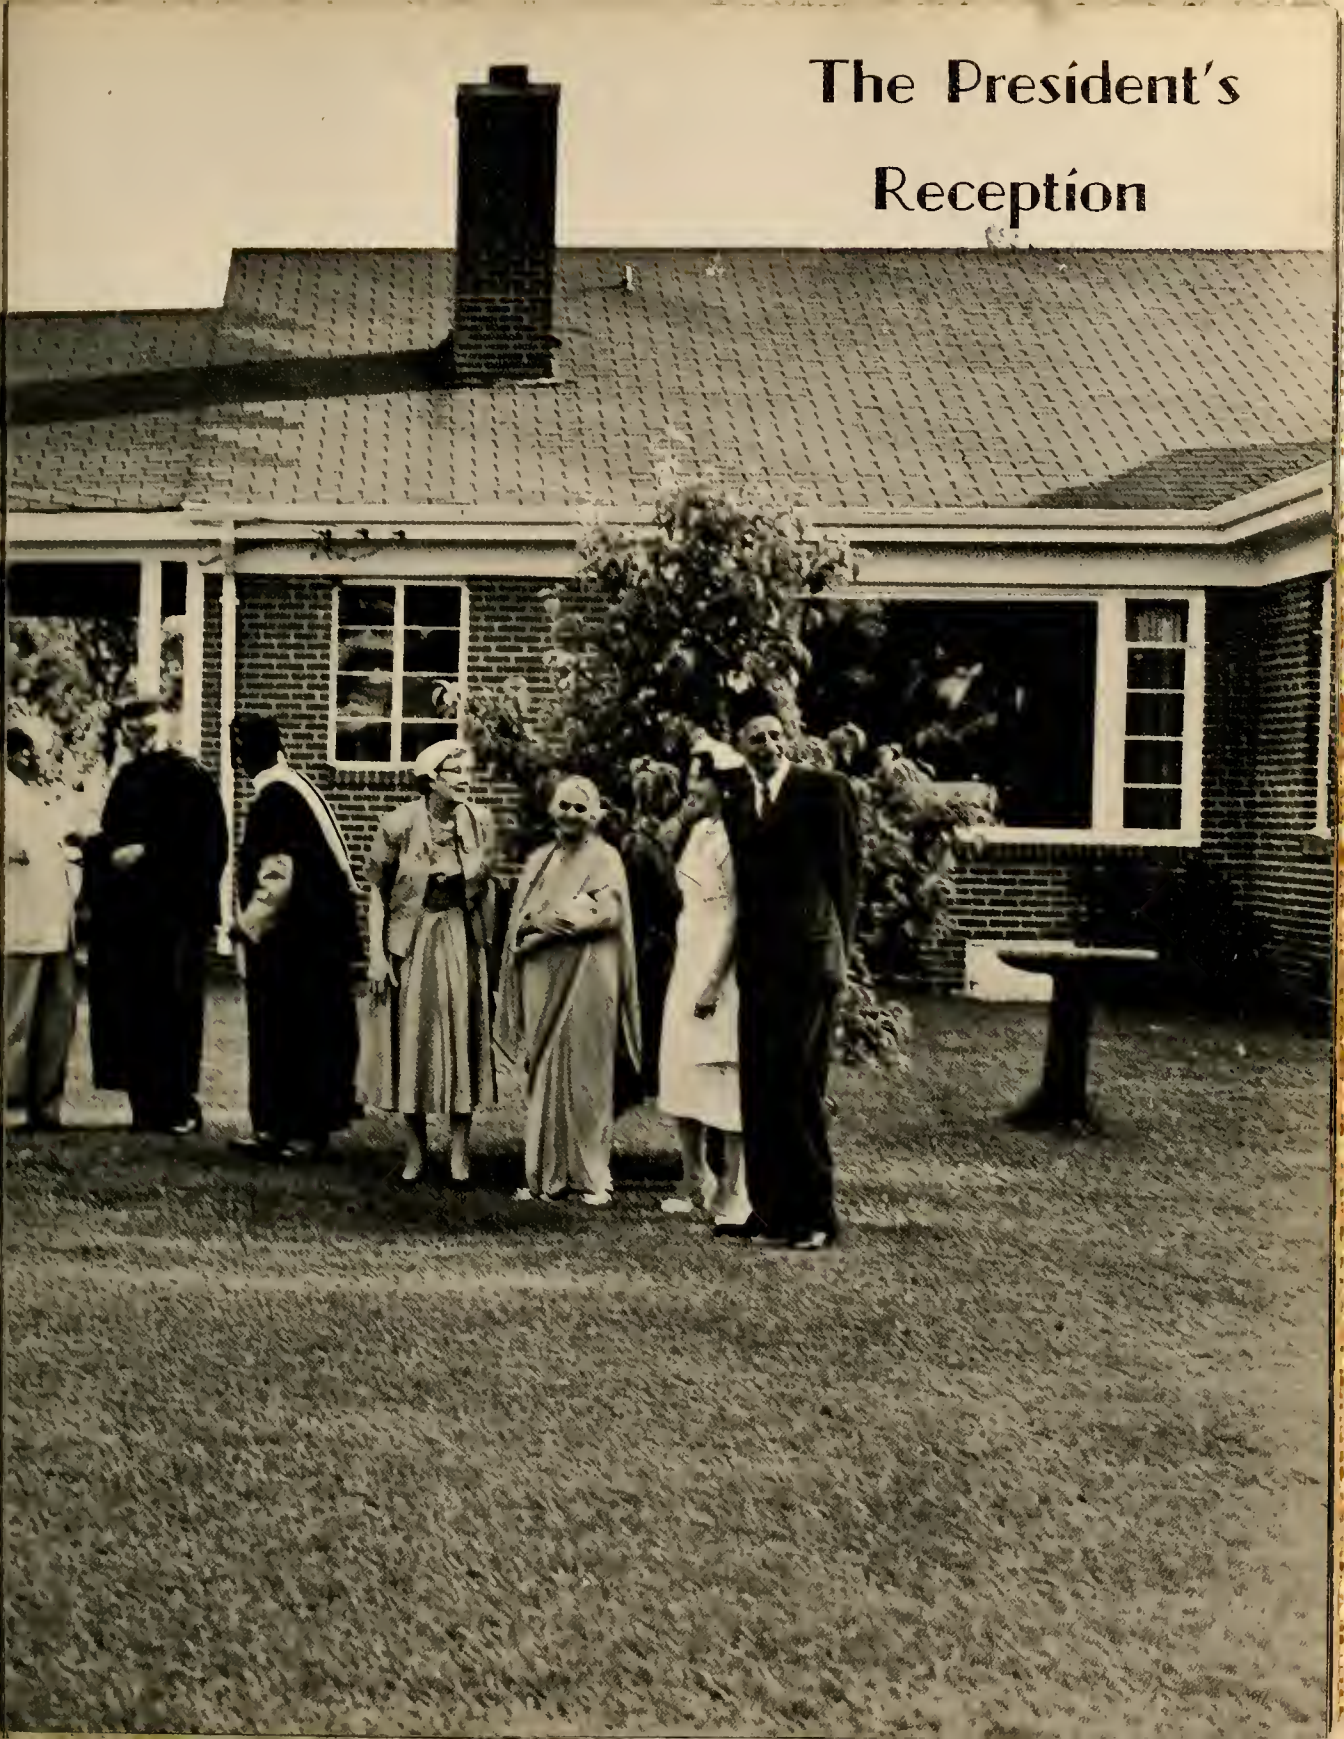

Clasped our hands in sympathy, happiness, and love,
Motivated and inspired us,
Made life more meaningful,
Led us in beautiful paths of light, love, and truth,
Gently prodded us on to greater heights of attainment,
and
Pointed the way to greater service.

These hands that have guided us here will be the hands that greatly mould and influence our world of tomorrow.

In future years one of our most treasured memories will be that of your beautiful, beautiful hands.

The President's Reception

Sheltering Hands

Buildings

"When we build, let us think
That we build forever,
Let it not be
For present delight
Nor for present use
alone.
Let it be such work
As our descendants
Will thank us for,
And let us think,
As we lay stone on stone,
That a time is to come
When those stones
Will be held sacred
Because our hands
Have touched them,
And that men will say
As they look upon
The labor
And wrought substance
of them,
'See! This our fathers
did for us.' "

A PRAYER FOR TEACHERS

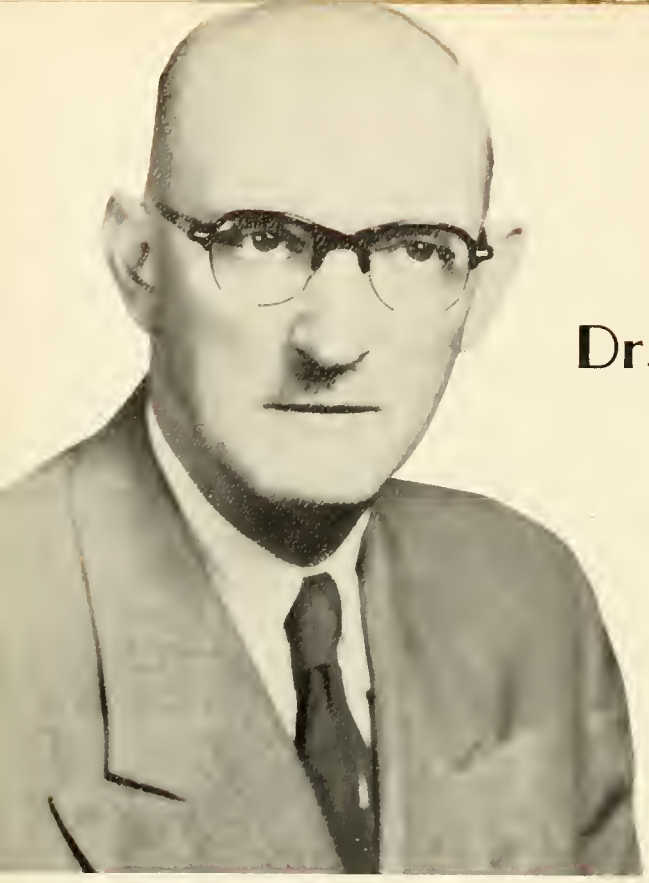

"Put forth thy hands
And touch our mouths---
Whose holy task
It is to teach
And guide the minds
Of eager youth,---
That we may have
Inspiring speech.
Grant us vast patience,
Insight wise
The open mind
And heart and eyes."

Margaret Emilio

In a grain of sand,
And a Heaven
In a wild flower,
Hold infinity
In the palm of your hand,
And eternity

Working Hands

Classes

Christ has no hands
But our hands
To do His work today
He has no feet
But our feet
To lead men in His way;
He has no tongue
But our tongue
To tell men how He died;
He has no help
But our help
To bring them to His side.

What if our hands
Are busy
With other work than His?
What if our feet
Are walking where
Sin's allurement is?
What if our tongues
Are speaking
Of things His life would spurn?
How can we hope
To help Him
Unless from Him we learn?

Annie Johnson Flint

"With aching hands
And bleeding feet
We dig and heap
Lay stone on stone;
We bear the burden
And the heat
Of the long day,
And wish 'twere done.
Not till the hours
Of light return
All we have built do we discern."

"They are not gone who pass
Beyond the clasp of hand,
Out from the strong embrace
They are but come so close
We need not grope with hands,
Nor look to see, nor try
To catch the sound of feet.
They have put off their shoes
Softly to walk by day
Within our thoughts, to tread
At night our dream-led paths of sleep."

Co-operating Hands

Organizations

The touch of human hands-
That is the boon we ask;
For groping day by day,
Along the stony way,
We need the comrade heart
That understands,
And the warmth, the living warmth
Of human hands.

The touch of human hands;
Not vain, unthinking words,
Nor that cold charity
Which shuns our misery;
We seek a loyal friend
Who understands,
And the warmth, the pulsing warmth
Of human hands.

The touch of hands-
Such care as was in Him
Who walked in Galilee
Beside the Silver Sea;
We need a patient guide
Who understands,
And the warmth, the loving warmth
Of human hands.
